Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner called Mr. Curtis Panzer to discuss copending application Serial No. 10/532,582, which contains substantially identical claims as the instant case. The instant case is close to being allowable except for the copending application to which a double patenting rejection should be applied. Two options were discussed. Applicants can file a terminal disclaimer and get the instant application allowed or amend the copending application to remove overlapping subject matter and obvious variations thereof. Mr. Curtis Panzer indicated he preferred to amend the copending application and fax me a copy of the amendment.
